

# PROMOTING FAIR TRADE

ILSLEDA established an alliance with the consortium CTM – Altromercato (<http://www.altromercato.it/en>), the second fair trade organization in Europe.

CTM – Altromercato, which networks 130 organizations and cooperatives, is part of the European Federation (EFTA) and the International Fair Trade Association (IFAT).

Through this partnership, the Consortium CTM-Altromercato will facilitate the small producers supported by the LEDAs of ILS LEDA Network in marketing their products.

CTM-Altromercato has commercial channels in Austria, Germany, Belgium, France, Italy, Portugal, Argentina, Malta including: 500 stores (*The World Shops*) in Italy and abroad; 1500 selling points in Italian supermarkets, organic food shops, biological shops, hospitality structures (public schools, restaurants, hospitals, etc.).

## How to realize the cooperation

- ILS LEDA provides all the information to the LEDAs and assists them in the identification of products requested by CTM and that meet its requirements.
- The LEDAs select the producers and the products that can be part of the marketing program; support the producers in filling up the products forms, in meeting the requirements, and in the possible CTM assistance program (quality, technology, etc.).
- Producers who are qualified and have been formally registered, establish a legal contract with CTM-Altromercato. CTM also supports producers in meeting the European standards requirements of food safety and quality, and provides technical assistance visits to the productive organizations, if necessary.

**The Fair Trade**

The fair trade is an economic partnership based on dialogue, openness and respect, which aims at a greater equity in international trade.

It contributes to sustainable development by offering better economic conditions and guaranteeing the rights of small producers and workers.

CTM establishes direct contracts with democratic organizations, which provide direct participation of small producers, preferably in terms of social and economic exclusion.

CTM has a direct relationship with the producers organizations, without the traders and exporters intermediation.

The rules and standards of fair trade are dictated by IFAT- Internationale Fair Trade Association.

## The products required by CTM

According to their market analysis, CTM-Altromercato believes that the following products have a significant increase in the 2011 demand:

	Product	Quantity per year
1	Cassava starch	10,000 Tons
2	Mais (No OGM)	8,000 Tons
3	Orange juice, pineapple juice, maracuja juice, and more fruits (frozen [-22°C] and concentrados)	20,000 Tons
4	Wheat	150,000 Tons
5	Rum	20,000 Bottles (0,7 liters)
6	Macadamian nuts	1,000 Tons
7	Gluten free cereals	5,000 Tons
8	Essential oil of citrus (fruit)	~ 10 liters
9	Canned pineapple (round slices)	100,000 cans of 20 ounces (567 grams)

In addition, each LEDA can choose typical and meaningful local products created by small producers and artisans in its area.

The LEDA may send information to ILSLEDA for the submission to CTM, filling up the form below.

CTM will assess these products will in view of establishing the trade contract.
